Dear Mr. Johnson:

On March 15, 2023, the Regulatory Commission of Alaska (Commission) received an application for a Provisional Certificate of Public Convenience and Necessity (Provisional Certificate) filed by HAC Investment Group, LLC (HAC) on behalf of Winter Rose Community Water System Association, Inc., to provide water service in Wasilla, Alaska. Docket No. W-23-003 was opened to address this matter.

Upon review, the Commission found HAC's application incomplete and required HAC to submit a complete application by May 11, 2023.¹ HAC has not supplemented its application or refiled a complete application. Because this information was not provided, the Commission cannot determine if HAC's provisional application is in the public interest. Therefore, the Commission rejects HAC's application for a provisional certificate designated as of the date of this order and closes Docket W-23-003.

BY DIRECTION OF THE COMMISSION

Sincerely,

REGULATORY COMMISSION OF ALASKA

John Paul Manaois
